BOUTIQUE

Boutique è la collezione effetto marmo di Del Conca, una sofisticata ed elegante interpretazione di questa categoria di prodotti. L' introduzione della nuova finitura Shine, realizzata in maniera radicalmente differente dalla precedente generazione, pone la serie Boutique tra i riferimenti estetici presenti sul mercato grazie all'utilizzo di uno smalto dedicato e applicato in forte spessore, attraverso il quale si ottiene un livello di riflettenza e di profondità cromatica senza eguali.

Boutique is the marble effect range from Del Conca, a sophisticated and elegant interpretation of this product category. The introduction of the new Shine finishing, realized in a radically different manner from the previous generation, places the series Boutique among the aesthetic references available on the market thanks to the use of a dedicated glaze applied in an intense thickness, through which we obtain a level of reflection and chromatic intensity with no comparison.

THINK BIG

120x260 NEW

Con Boutique il progettista può creare continuità negli ambienti, ottenendo superfici ininterrotte dal pavimento al soffitto per risultati di grande impatto emozionale.

Le grandi lastre Del Conca, nel formato oversize 120x260 cm, superano i limiti della ceramica classica e aprono nuove possibilità d'uso anche per piani cucina, mobili da bagno, tavoli e tanto altro ancora, ottenendo così un total look che coinvolge pavimento, rivestimento e arredo.

Uno stile dalla bellezza immortale che si esprime attraverso sei interpretazioni materiche.

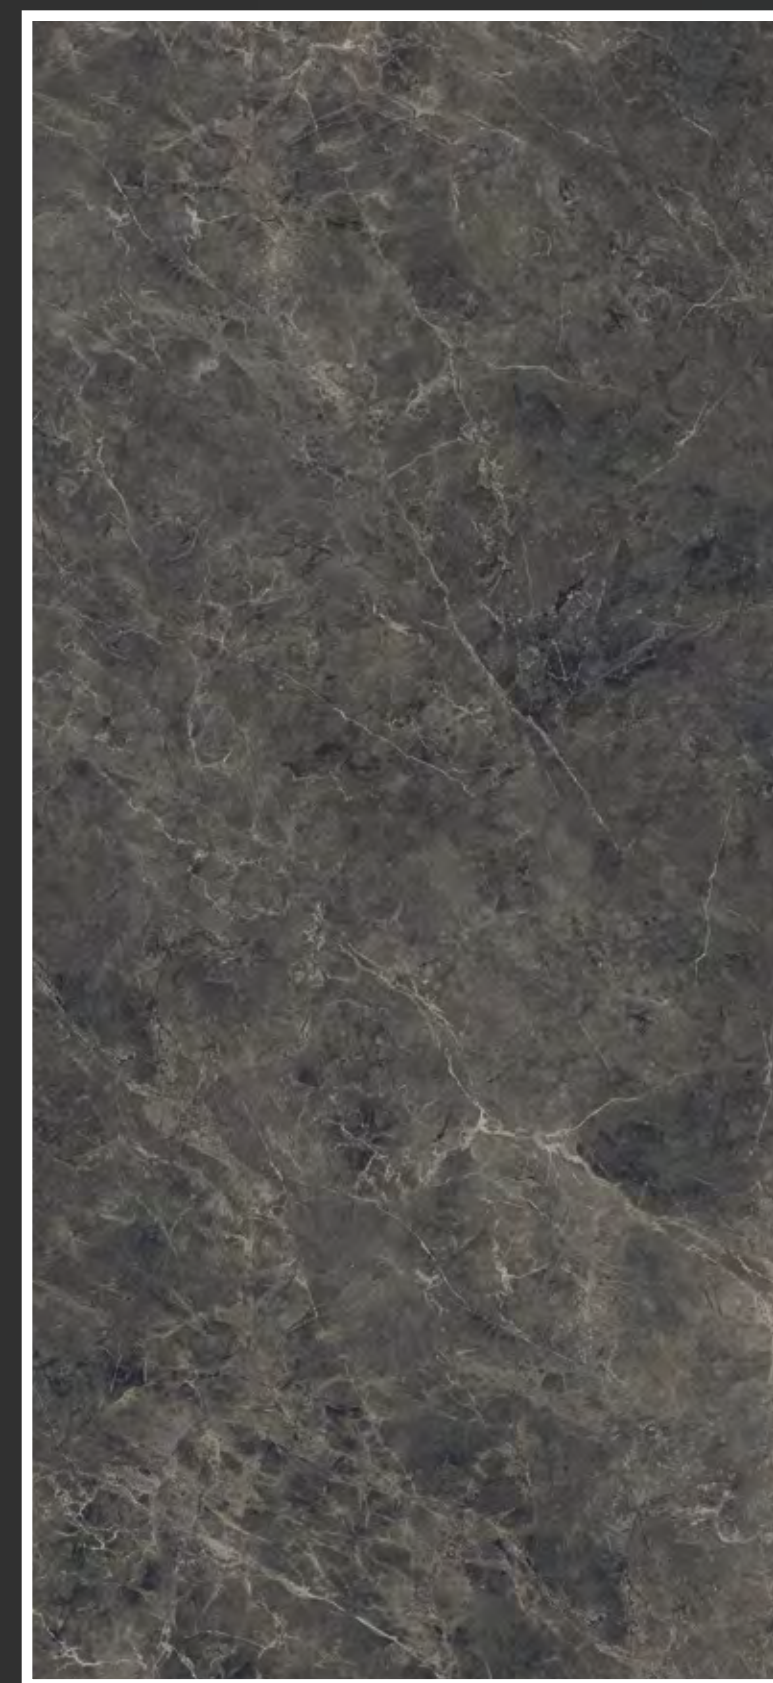

Boutique line allows the designer to create a continuity of style through the settings with an uninterrupted surface spanning from the floor up to the ceiling, which brings on a very impressive visual outcome.

Del Conca large slabs, in the 120x260 cm. oversize, go beyond the limits of the standard ceramic tiles and pave the way to new opportunities on countertops, bathroom furniture, tables and much more: a total look that blends floor, walls and furniture all together. This style with timeless beauty expresses itself through six matter related interpretations.

Amani HBO05

Dalla reinterpretazione della calda tonalità del pregiato marmo Amani è nata questa lastra dall'impatto avvolgente caratterizzata da misteriosi lampi di luce che lasciano venature indelebili e profondissime. Gli ambienti vestiti da queste lastre diventano accoglienti e rilassanti, veri luoghi di pace e relax. L'esclusivo colore è perfetto per habitat ricercati e raffinati, dagli hotel a residenze di lusso.

This slab was born by a re-interpretation of the refined Amani marble's warm tonality, bringing on an enveloping impression characterized by mysterious flashing lightnings that leave deep and lasting veining. Rooms covered with these slabs turn into welcoming and relaxing places, real havens of peace and relaxation. Its exclusive color turns to be perfect for refined and valued environments, from hotels to luxurious residences.

Silver HBO15

Ad ispirare il colore di questa lastra è il marmo Silver dal fondo grigio con sfumature tono su tono e venature ocra, proveniente dalla Turchia. Meno predominante rispetto ai marmi neri ma più carismatico rispetto al classico bianco, questa lastra rappresenta la scelta perfetta per rivestire ambienti lasciando libero sfogo alla creatività nell'arredamento. La predominanza del colore grigio nelle sue varie gradazioni lo rende un materiale particolarmente adatto ad ambienti dal design elegante e metropolitano.

Silver marble, originally from Turkey, is the inspiring theme for this slab featuring a gray background with tone-on-tone shades and ochre veining. Being less common than the black marbles but more charismatic than the classic white, this slab represents the perfect choice to cover all kind of interiors leaving free room for design creativity. Predominance of gray color in all of his shades makes this material especially suitable for rooms with an elegant and metropolitan design.

Calacatta HBO20

Ispirate ad una particolare categoria di marmi bianchi della zona di Carrara in Toscana, Italia, le lastre Calacatta hanno un fondo bianco puro con le caratteristiche venature grigie che le rendono molto inconfondibili. Perfette per progetti di design d'interni possono essere utilizzate insieme ad altre superfici, anche molto colorate, riuscendo tutte le volte a esaltarne i colori e a creare abbinamenti suggestivi. Il colore chiaro, soprattutto nella versione shine, amplifica la grandezza degli ambienti rendendoli lussuosi e molto luminosi.

Inspired by a specific category of white marbles from Carrara in Tuscany, Italy, Calacatta slabs feature a pure white background with an unmistakable peculiar gray veining. They are perfectly suitable for interior design projects and can be used together with other surfaces, even very colored ones: all colors will be enhanced to create perfect matches. The bright color, especially in the Shine version, amplifies the size perception of the rooms, giving them a luxury and sunny touch.

Invisible gray HBO10

Più simile ad un'opera pittorica dell'espressionismo che al noto marmo giunto della Turchia l'aspetto di questa lastra è caratterizzata da venature discontinue e non direzionali. Queste superfici creano un'atmosfera accogliente e sofisticata in ambienti contemporanei e sottolineano l'eleganza di quelli più classici. In ogni stanza si ricrea un'atmosfera senza tempo conferendo equilibrio al progetto architettonico.

The look of this slab is closer to a painting work from the expressionism era than the renowned marble originally from Turkey: a look characterized by non directional veining. These surfaces create a welcoming and sophisticated atmosphere in contemporary environments, while stressing the elegance in more classic ones. Every room creates a timeless atmosphere that gives perfect balance to the architectural project.

Zebrino HBO01

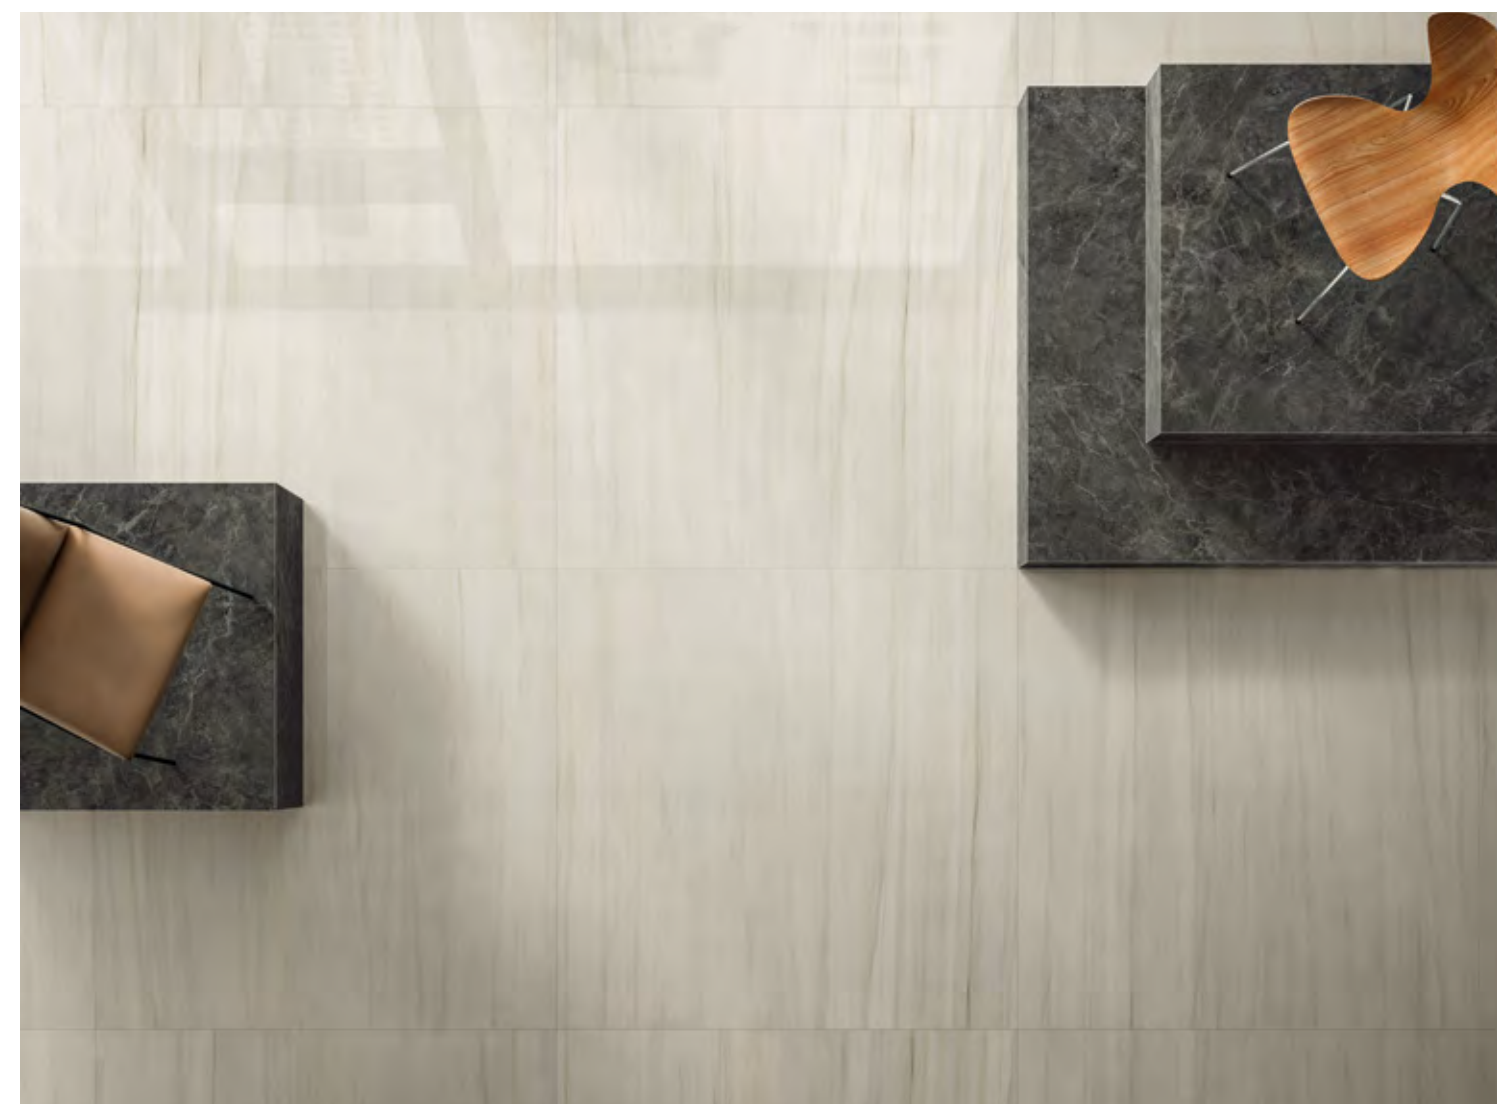

Le superfici ispirate al marmo zebrino delle Alpi Apuane hanno un fondo beige e sono attraversate da striature quasi lineari. La libera interpretazione in gres porcellanato ha esaltato la naturalezza del colore mantenendo le venature eleganti e leggere. Adatto a tutti gli ambienti del vivere quotidiano Zebrino può essere usato come sfondo ad un arredo di forte personalità.

Surfaces inspired by the striped marble from Apuan Alps feature a beige background and are crossed by almost linear stripes. Porcelain gres free interpretation of this marble enhances the natural look of the color still keeping the elegant and light veining. Suitable for every room of the daily life, Zebrino can be a fitting scenery in a strong personality interior design.

Noisette HBO08

Libera reinterpretazione di un marmo italiano chiamato Fior di bosco è caratterizzato da un colore variabile dal nero al grigio con sfumature calde, il tutto arricchito da piccole venature chiare. Semplice ed elegante, si presta per essere utilizzato in qualsiasi ambiente. E' una lastra dall'aspetto elegante e metropolitano. Grazie alla sua sobrietà per nulla austera è perfetta in abbinamento alle lastre dai colori più chiari.

This free re-interpretation of an italian marble called Fior di Bosco is characterized by a color varying from black to gray with warm shades and enriched by little light veining.

Simple but elegant, it is suitable for every kind of setting: a slab with an elegant and metropolitan look. Its sobriety without austerity makes it perfect when matched with lighter colors slabs.

Caratteristiche Tecniche	Metodo di prova	EN 14411: 2016 Appendice G Requisiti per gruppo Ba	Valore medio Conformità
Lunghezza e Larghezza / Length and width	ISO 10545-2	± 0,6%	± 2,0 mm Conforme
Rettilineità degli spigoli / Straightness of sides	ISO 10545-2	± 0,5%	± 1,5 mm Conforme
Ortogonalità / Wedging Squareness	ISO 10545-2	± 0,5%	± 2,0 mm Conforme
Planarità / Flatness	ISO 10545-2	± 0,5%	± 2,0 mm Conforme
Spessore / Thickness	ISO 10545-2	± 5%	± 0,5 mm Conforme
Qualità della superficie / Surface quality	ISO 10545-2	Minimo 95%	Conforme
Assorbimento d'acqua / Water absorption	ISO 10545-3	Massimo 0,5%	Conforme
Resistenza alla fessione / Flexural Strenght	ISO 10545-4	> 35 N/mm ²	Conforme
Forza di rottura / Breaking strenght	ISO 10545-4	> 700 N	Conforme
Resistenza agli sbalzi termici / Thermal shock resistance	ISO 10545-9	Pass	Conforme
Dilatazione all'umidità / Moisture expansion	ISO 10545-10	Valore dichiarato	~ 0,04 mm/m
Resistenza al cavillo / Cracking Resistance	ISO 10545-11	Pass	Conforme
Resistenza al gelo / Frost resistance	ISO 10545-12	Pass	Conforme
Resistenza ai prodotti chimici / Chemical resistance	ISO 10545-13	Classe: GB minimo	Conforme
Resistenza alle macchie / Stain Resistance	ISO 10545-14	Classe: 3 minimo	Conforme
Cessione di Piombo e Cadmio / Release of Lead and Cadmium	ISO 10545-15	Valore dichiarato	Cd <0,01 mg/dm ²
Cessione di Piombo e Cadmio / Release of Lead and Cadmium	ISO 10545-15	Valore dichiarato	Pb <0,1 mg/dm ²
Resistenza al fuoco - Pavimento / Fire resistance	EN 13823	Non richiesto	A1 class (Nessuna reazione)
Resistenza al fuoco - Rivestimento / Length and width	EN 13823	Non richiesto	A1 class (Nessuna reazione)
Resistenza allo scivolamento / Slipping resistance			
Determinazione delle proprietà antiscivolo / Determining anti-slip resistance	DIN 51130	Non richiesto	≥ R9*
Determinazione delle proprietà antiscivolo / Determining anti-slip resistance	DIN 51097	Non richiesto	≥ A*
Coefficiente di Attrito Dinamico / Coefficient of dynamic friction (DCOF)	BOT 3000	≥ 0,42	Conforme*
Coefficiente di Attrito Dinamico / Coefficient of dynamic friction (BCRA)	DM 236-89	> 0,40	Conforme*

*Eccetto per la superficie SHINE

SHADE VARIATION
